Date: January 3, 2006

Subject: **Dean Parkinson, Administrative Relief Request**

Background on Subject Property:

The subject property is zoned Improved Subdivision (IS) and is located in the Twin Lakes Subdivision, Lot 5, Block 16, Key Largo, Real Estate Number 00550220.000000. The applicant purchased the property in July of 2001. The sale price is listed in the assessor's records as \$42,500.00. The current land value is listed in the assessor's records as \$43,875.00. The applicant entered the Residential Rate of Growth Ordinance (ROGO) system on January 4, 2002 (Year 10, Quarter 2). Permit #01-3-4558.

Permitting History:

A building permit and ROGO allocation were applied for on January 4, 2002 (Year 10, Quarter 2). The application scored nineteen (19) points: twelve (12) points from planning including the dedication of one (1) ROGO lot, six (6) points from the building department with seven (7) points for building features and minus one (-1) point for construction in an AE-8 flood zone; and (1) point from environmental resources as the subject property was determined to be Habitat Protection Group 1, disturbed/scarified, by the Upper Keys Biologist.

Currently, with the addition of three perseverance points, the property scores twenty-two (22) points. The applicant will be awarded one more perseverance point at the end of the 2nd quarter of Year 14, January 13, 2006 for a total of twenty-three (23) points.

The property lies between two (2) developed lots with a man-made canal at the rear. There are only seven (7) vacant lots on Ellen Drive. The rest of the Twin Lakes Subdivision, including Twin Lakes Addition #1 and #2 is largely built out, with few lots remaining which have not been entered into the ROGO Allocation System.

There have been thirty-two (32) ROGO allocations granted in this subdivision, and another seven (7) are currently in the system awaiting an allocation. A list of permits allocated and issued, along with the ROGO allocation year is attached as Appendix A.

The applicant applied for Administrative Relief on July 12, 2005 (Year 13, Quarter 4) and is within the allowable time frame to be eligible for Administrative Relief under section 9.5-122.2(f) of the Monroe County Code.

Development Potential:

Zoning – The property is zoned Improved Subdivision (IS) allows single-family residential dwellings and accessory uses. As an IS lot, it has no TDR value under the current code.

Future Lane Use Map (FLUM) – The FLUM indicates the property to be Residential Medium (RM) which is intended for single-family residential use.

Land Type – The property was given a point assignment of one (1) positive point for being in Habitat Group 1 which is defined in Section 9.5-122.3(7) and includes the following: Disturbed/scarified or disturbed with hammock or disturbed with exotics. This is the least environmentally sensitive category of the four described in Section 9.5-122.3(7).

Neighboring Properties – The subdivision is highly developed, and most of the remaining vacant lots have been entered into the ROGO allocation system and are awaiting permit allocations.

ROGO- The ROGO point system is designed to direct growth to protect natural resources and to encourage infill development of improved subdivision lots. In response to Objectives 101.5 of the Monroe County 2010 Comprehensive Plan which directs the County to protect natural resources, Land Development Regulations (LDRs) have been adopted that score minus ROGO points in environmentally sensitive lands. The subject lot received no negative points under Section 9.5-122.3 of the Land Development Regulations, and is not identified as being in the Conservation and Natural Areas (CNA).

Eligibility for Administrative Relief Options:

Section 9.5-122.2(f) of the Monroe County Land Development Regulations and Policy 101.6.1 of the 2010 Comprehensive Plan provides a mechanism whereby an application which has not received an allocation award in ROGO may apply to the Board of county Commissioners for Administrative Relief. The applicant is eligible for Administrative Relief having complied with all requirements of the dwelling unit allocation system and having been considered in at least three (3) of the last four consecutive annual allocation periods and having submitted their application for Administrative Relief no earlier than the third annual allocation period and no later than ninety (90) days following the close of the fourth allocation period.

Relief Options under Administrative Relief:

The remedies available to an application for Administrative Relief pursuant to Section 9.5-122.2(f) include issuance of an allocation award or just compensation by purchase of the property or such other relief as may be necessary or appropriate.

The subject property does not contain sensitive environmental features or any significant habitat for endangered or threatened animal species. It therefore does not meet the criteria established under the existing Policy 101.6.6 and Policy 102.4.2, or the proposed Policy 101.6.5 of the Year 2010 Comprehensive Plan for the purchase of property under Administrative Relief.

The applicant has requested Administrative Relief in the form of a granting of an allocation and has not expressed a desire to sell the property to the County as provided for under Policy 101.6.1 of the Year 2010 Comprehensive Plan.

Staff Analysis:

The Growth Management Division has reviewed the application and recommends the award of a ROGO allocation to the applicant.

Findings of Fact:

1. The Dean Parkinson ROGO application for Lot 5, Block 16, Twin Lakes Subdivision received no negative environmental points and one (1) positive environmental point; and
2. Policy 101.6.1 of the 2010 Comprehensive Plan and Section 9.5-122.2(f) of the Monroe County Land Development Regulations provides a mechanism whereby an applicant who has not received an allocation award in ROGO may apply to the Board of County Commissioners for Administrative Relief; and
3. The applicant has been in the ROGO system for three of the last four annual allocations periods and therefore qualifies for Administrative Relief; and
4. The property does not qualify under criteria established by Resolution 223-2004 for purchase by the Monroe County Land Authority of small parcels with indigenous hammock and pinelands; and
5. The property does not qualify as environmentally sensitive under criteria established by Policy 101.6.5 and Policy 101.6.6 of the Monroe County Year 2010 Comprehensive Plan that directs the County to prioritize acquisition based on the environmental sensitivity of the land.

Recommendation:

1. It is recommended that the Board of County Commissioners find that the applicant has met the criteria and qualifies for Administrative Relief. It is further recommended that an order be prepared that establishes this relief as an award of a ROGO allocation in the next quarterly ROGO allocation period which closes April 13, 2006, or at such time as a ROGO allocation is available.
